

Profish 440 Evolution IV

The Profish 440 has been designed with stability and performance to tackle big fish in coastal and offshore conditions. Minimal hull slap makes this an ideal kayak for sneaking close when fishing lures or for stealthy bait presentations.

A feature of the Profish 440 is the harder chine design; this gives excellent stability when landing large fish at the side of the kayak. The full length keel strip and Viking stern provide excellent tracking while an optional rudder enhances control in all paddling situations.

The Profish 440 deck configuration offers maximum on-water storage without need to risk open hatches on the water. This massive safety advantage for paddlers wanting to access lots of gear while on the water also makes the Profish 440 ideally suited to SCUBA and free-diving.

The Profish 440 deck configuration offers maximum on-water storage without need to risk open hatches on the water. This massive safety advantage for paddlers wanting to access lots of gear while on the water also makes the Profish 440 ideally suited to SCUBA and free-diving.

Features:

- *Stable straight tracking design, very controllable in breezy conditions even without the optional rudder
- *Quiet hull performance with very little hull slap making this the ultimate stealth fishing kayak
- *Large covered front well for maximum on-water storage - perfect for free divers

- *Massive 28L center well with cover and bait board
- *Separate soft bait well, somewhere to put those open packets where any leaks won't be a problem

*Easy clean bait wells behind the seat, these can be used as dry lockers or left as the ideal storage for natural baits

*Molded-in waterproof inserts for fitting accessories

*2x front rod holder positions compatible with a range of product including the new StarPort HD

*8x flush mount rod holders fitted, maximum flexibility for placing fishing rods

*Supplied with free Speed paddle

*Supplied with free Deluxe Fisherman seat

Specifications:

- *Length 4.4m
- *Weight 30kg
- *Width 77cm
- *Carrying capacity 180kg

Profish Reload

The Profish Reload combines the best features of the Profish 400 Lite and Profish 440, and adds a high level of performance. This is a kayak full of innovative features to provide kayak anglers the finest fishing kayak available.

Fast stable and easy to manage, this is the kayak of choice for anglers seeking touring endurance combined with the stability to land record class fish!

The Reload Tackle Pod™ system offers a worldwide first: a fully integrated and removable sounder, battery, and transducer setup combined with a large tackle storage space. It's now quick and easy to remove or reload your valuable electronics and tackle - the ultimate in convenience.

In addition, with the Tackle Pod™ and fitted electronics removed for transporting the Profish Reload is considerably lighter and easier to load onto your roof rack.

Features:

- *The fastest fishing kayak in our fleet making trolling lures easy and exploring those far off uncharted grounds an exciting adventure
- *Superior stability provides you with the confidence to target big fish

*The Reload Tackle Pod™ system offers the ease and speed of "Load and Go"

*A large front hatch offers storage for additional gear such as kayak trolleys and dry bags

*The nifty Kid Pod™ system enables you to share the fun and excitement with your kids. It also provides a flat stable surface for fresh water anglers to stand and sight cast to unsuspecting fish

*The handy bait wells behind the seat double as dry lockers or can be used as a convenient place for drink bottles

*Large recessed side handles make lifting and loading the Reload so much easier

*The nicely flared bow diverts water for a dry ride and provides lift in choppy conditions

*The innovative "Rod Slots" along the bow makes laying fishing rods flat for surf transitions much easier

Specifications:

- *Length 4.5m
- *Weight 31kg
- *Width 75cm
- *Carrying capacity 200kg

Pods Bags and Covers

Profish Reload and GT Tackle Pod, also fits the Replay

Have an extra Tackle Pod with a different layout or upgrade your Replay to a fishing kayak. This unique system accepts your complete sounder setup and has lots of storage for tackle and accessories

Kid Pod for Profish Reload and GT

Convert your favorite fishing craft into a family friendly 1 1/2 person kayak, and get the smaller family members on the water too

Viking Chill Pod

Fits the Profish Reload, GT, 400, and Replay - the unique low-windage shape and "bread bin" style lid make this the easiest and safest cold storage option for your kayak. The foamed polyethylene insulation layer is robust and incredibly easy to maintain

Profish 440 Chill Pod

This is the polyethylene version of the successful composite Chill Pod. Greater durability and improved insulation make this a sought after storage option.

Paddles

Propelz Eco

Alloy 2-piece construction, easy to fit in your car, robust and simple to use, suits the whole family, 222cm

Propelz Speed

Fibreglass 2-piece construction, easy to fit in your car, length and pitch adjustable to suit a broad range of paddlers, 220 - 230cm

Propelz Lightning

Ultra-lightweight 700g carbon fibre, this is THE paddle for those wanting performance and endurance. 2-piece adjustable 220 - 230cm

Our commitment to bringing you the best:

At Viking kayaks we're dedicated to bringing you the best kayaks suited to your paddling enjoyment, comfort, and safety. Our whole team paddle and contribute to the design and manufacture of Viking Kayaks, so all our craft are built to suit our rugged and unique conditions. By using a range of premium materials and techniques we ensure you're purchasing what we believe are the best you can buy.

As an example: we use waterproof marine rated inserts molded into our kayaks to attach fittings and accessories, but also customize kayaks using the most appropriate fastening systems suited to each project. Contact our Special Projects Department if you'd like your new Viking Kayak to get the personal treatment.

Profish 440 Tackle Pod
Possibly the largest kayak tackle storage pod on the market, the cavernous 28 liters has the space to fit an amazing amount of gear

Profish 440 Wet Tackle Pod
Fits the small square well in front of the seat, use as an extra dry locker or as somewhere to put wet items so they don't have to mix with dry gear in the main Tackle Pod

Profish 400 Tackle Pod
Light weight pod storage to fit the centre well with a generous 21 litre capacity. This is part of Viking's "Load and Go" tackle storage concept

Insulated Fish Bags and Covers
These are the soft options for cool fish storage. The bags make it easy to keep your catch secure, and to carry to the car after a successful session. The covers offer the greatest versatility when transporting large fish, and make sliding your catch aboard in rough conditions easy.

Seats

Propelz Ergo Seat

Our new general purpose seat, this will suit the whole family. Designed to give comfortable support it has stiffening ribs and new rear straps for better adjustability. The pocket on the back provides extra storage.

Deluxe Fisherman Seat

This is the ultimate in high backed "Lazyboy" comfort. Fully adjustable with differential front and rear webbing, this is the seat for the paddler spending a lot of time on the water.

Ozzie

Stable and easy to paddle, the Ozzie is so much fun the whole family will want one. At home exploring creeks and streams the Ozzie excels when playing in waves. It's also an awesome lightweight kayak for use on excursions from larger craft. The rounded edges and safety grab line enhances safety for paddlers of all sizes, and help make reentries a breeze.

Features:

- *Light and easy to handle *Suits children and adults *Safety grab line
- *Day storage hatch with removable bucket *Rod holder
- *Supplied with free alloy shaft paddle

Specifications:

- *Length 2.7m *Weight 17kg
- *Width 79cm *Carrying capacity 120kg

Espri

Our ever popular Espri is so easy to paddle it's become a legend. The unique hull design allows it to glide through the water with little effort, while its maneuverability lets the paddler explore coastlines, rivers, and lakes. Beveled sides mean no hitting your fingers when paddling, and the extra stability gives everyone the confidence to explore. Perfect for cruising, playing in the surf, and fishing.

Features:

- *Safety grab line *3x storage hatches (1 with removable bucket)
- *2x rod holders *StarPort for safety flag or nav light
- *Supplied with free alloy shaft paddle and Ergo seat

Specifications:

- *Length 3.6m *Weight 22kg
- *Width 80cm *Carrying capacity 160kg

Nemo

A fun kayak with a little more space and capacity, the Nemo has outstanding versatility. The increase in length improves performance and the addition of a seat as standard will suit those looking to spend more time relaxing aboard. The mini-well behind the seat gives somewhere to rest a catch bag, and a cockpit hatch with removable bucket provides internal access and storage.

Features:

- *Stable and easy to paddle *Safety grab line *2x storage hatches (1 with removable bucket) *Rod holder *StarPort for safety flag or nav light
- *Supplied with free alloy shaft paddle and Ergo seat

Specifications:

- *Length 3.2m *Weight 20kg
- *Width 79cm *Carrying capacity 130kg

Viking 2+1

The most versatile double kayak available, the Viking 2+1 double has a clever mid seat designed specifically to allow easy paddling as a single. The mid seat also caters for a third person, so kids can come along too. Wanting go for a fish?, simply click the optional rod holders into the StarPorts supplied and you're ready to go. Safety grab lines make this an easy kayak to hold and reenter, perfect for snorkeling and diving.

Features:

- *3x molded seat areas *3x storage hatches (2x with removable buckets) *2x StarPort for accessories, 1 StarPort for safety flag or nav light *2x rod holders *Supplied with 2x alloy shaft paddles and 2x Ergo seats

Specifications:

- *Length 3.9m *Weight 27kg
- *Width 81cm *Carrying capacity 220kg

Replay

Latest Release

Our new full size recreational kayak with superior stability and load capacity. Whether out for a relaxing paddle or chasing fun and adventure this kayak has a nice blend of performance and stability. It's also an easy lift onto roof racks.

Nimble and maneuverable for exploring amongst the rocks, the turned-down edges enhance performance in the surf. For longer paddles the Replay can be fitted with our Profish rudder system letting you steer with your feet and maintain an even paddle stroke.

The Replay borrows from the proven comfort and performance of our Reload kayak. The seating eliminates the dreaded "numb-bum" and the cockpit is fitted with our removable Kid Pod giving lots of space for smaller passengers. Accessory Reload Tackle Pods and Flat Deck Tackle Pods are available to provide alternative configurations.

This is a kayak that's been designed for maximum versatility without the need to be an expert paddler. The result is a customizable kayak that's so comfortable and stable you won't want to leave the water.

Features:

- *Brilliant stability, even when laden with a smaller passenger in the rear well or on the Kid Pod
- *Supplied with Viking's unique Kid Pod, and the option of accessorizing with a Reload Tackle Pod or Flat Deck Tackle Pod
- *Comfortable seating position with footrests for extended paddling sessions
- *Accessory rudder available for easier paddling in a variety of conditions
- *Large deep rear well with storage options
- *Large oval accessory hatch may be fitted for extra storage at the front of the kayak

*Long side handles molded for strength and better balance when lifting and carrying

Specifications:

- *Length 3.6m *Weight 24kg
- *Width 82cm *Carrying capacity 175kg

Espri Angler

Lightweight, compact, and uncomplicated, the Espri Angler is built on our outstanding Espri kayak. This gives it a level of performance comparable to some bigger kayaks, but without extra weight and bulk.

Rod holders either side of the cockpit make rigging fishing tackle easy, and recessed fish stringer and paddle holder makes for clean decks. The new StarPort HD at the front of the cockpit gives greater rigidity for fitting a range of RailBlaza accessories including the TrackPort Dash 350 for multiple options.

The safety grab line around the cockpit gives secure attachment for leashes and provides easy grab points when re boarding making this a great craft for snorkelling and diving.

Features:

- *Safety grab line *3x storage hatches (1 with removable bucket)
- *6x flush mount rod holders *StarPort HD accessory mount
- *Recessed fittings for fish stringer and paddle holder
- *Storage options for rear fish well
- *StarPort for safety flag or nav light *Supplied with free Speed paddle
- *Supplied with free Deluxe Fisherman seat

Specifications:

- *Length 3.6m *Weight 22kg
- *Width 80cm *Carrying capacity 160kg

Your Viking Kayak advantage:

30 Year warranty - we ensure you have a kayak that will go the distance, even in our harsh summer sun. See your special warranty card unique to each kayak and register on line.

Waterproof Inserts - we use waterproof marine rated threaded inserts for fitting items such as handles and accessories to provide strong easy to use attachments.

Safety grab lines on family kayaks - all our family kayaks have safety grab lines so everyone from youngest to oldest can keep hold of their kayak, even in the water. Close fitting and strategically placed saddles make re-entries a breeze.

Semi-Recessed Fittings - keep the decks and sides as smooth and clear as possible. This stops bumps and scrapes when playing in the waves, and ensures there's no hang-ups when sliding back aboard.

Viking 6" Hatch - we got tired of jammed hatch threads, so we now fit our kayaks with Viking's own 1/4 turn bayonet hatches with integral seal. Those fitted in front of a sea come fitted with a removable bucket to keep small items close at hand.

Profish GT

Latest Release

Short, easily managed, and incredibly maneuverable, this is our new "4WD" fishing kayak. The Profish GT is brilliantly stable and will appeal to salt and fresh water anglers looking for a dry ride. The turned down chines and plenty of rocker enhances surfing performance for those paddling off ocean beaches.

Above the waterline the Profish GT has a similar cockpit design to the Profish Reload with its comfortable seating position and removable Tackle Pod system. This makes it possible to change configurations using accessory Kid Pods and Flat Deck Tackle Pods. Fish storage options such as the Chill Pod, Chill Bag, and Insulated Cover are the same as the Reload and Profish 400 making it possible to mix and match accessories across a range of kayaks.

This is also one of the best mothership fishing kayaks available: easy to manage to and from the water, stable to step down into from a high deck, and the lift out Reload Tackle Pod makes safe tackle transfers easy. This is a unique kayak for the increasingly popular big-boat expeditions.

The Profish GT has been designed to maximize versatility without the need to be an expert paddler. The result is a kayak that can be accessorized to suit a multitude of situations.

Features:

- *Awesome stability, even when laden with a mountain of tackle and a large catch
- *Viking's unique Reload Tackle Pod fitted, with the optional Flat Deck Tackle Pod and Kid Pod available.
- *Comfortable seating position with footrests for extended paddling sessions

*Accessory rudder available for easier paddling in a variety of conditions

Specifications:

- *Length 3.6m *Weight 24kg
- *Width 82cm *Carrying capacity 175kg

Profish 400 Lite

Light and sleek, this is a kayak that's a delight to manage on and off the water. Whether touring or fishing everyone will appreciate how easy it is to paddle. The low wind profile of the Profish 400 Lite enhances control and reduces effort in breezy conditions.

Smaller paddlers are catered for with side scallops for an improved paddle stoke, while extended leg room delivers comfort for taller individuals.

These features along with built in stability at the seat and rear well follows the Viking Kayaks philosophy of making practical kayaks that paddlers of all skill levels can enjoy.

This is a kayak that delivers true big fish and big water performance in a compact lightweight package. Faster than many longer kayaks, especially in choppy conditions, the Profish 400 is versatile enough to cover almost every kayak fishing situation around the country.

Features:

- *Light weight, around 10kg lighter than comparable fishing kayaks
- *Brilliant stability for paddlers of all skill levels

- *Speedy and straight tracking, the optional *Profish rudder is nice to have but is far from essential
- *Scalloped sides improve paddling efficiency with a clean uninterrupted paddle stroke
- *Ergonomically designed cockpit and seating for greater comfort
- *Molded-in waterproof inserts for fitting accessories
- *Center well with clear cover and bait board, the perfect tackle station and mounting area for fish finders
- *Flat accessory mount area in front of the cockpit with inserts for 2x RailBlaza rod holders
- *2x storage hatches (1 with removable bucket)

Specifications:

- *Length 4.1m *Weight 24kg
- *Width 78cm *Carrying capacity 175kg
