Pacer XS

The Pacer XS is a great entry level kayak for the summer holidays. Light weight and compact, it's perfect for teenagers and adults wanting fun in the waves and short distance excursions. It's deeper hull suits paddlers over 40kg and minimizes the zigzagging common to shorter kayaks.

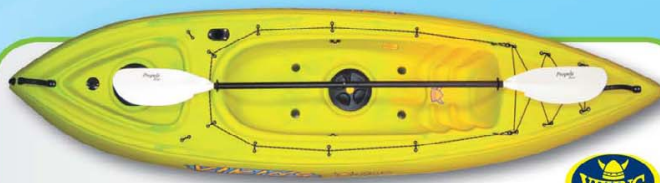

Features:

- *Safety grab line *Gear storage hatch
- *Rod holder *StarPort for safety flag or nav light
- *Upgraded handles *Supplied with free alloy shaft paddle

Specifications:

- *Length 2.7m *Width 78cm *Weight 16kg
- *Carrying capacity 110kg
- *Stability rating - Good

Colours: Orange/Yellow Green/Yellow

Nemo

The Nemo takes our brilliant smaller kayaks and stretches them for even more room and performance. Choose the Nemo if you are looking for a little more capacity and performance.

Features:

- *Safety grab line *2 x storage hatches *Rod holder *StarPort for safety flag or nav light *Upgraded handles
- *Supplied with free alloy shaft paddle

Specifications:

- *Length 3.2m *Width 79cm *Weight 20kg *Carrying capacity 130kg
- *Stability rating - Very Good

Colours: Orange/Yellow Green/Yellow

Ozzie

The Ozzie provides confidence due to the deeper cockpit and flatter hull giving you a fantastically safe and stable ride. The Ozzie is ideal if you're looking for a small safe and stable kayak the whole family will enjoy. Great for surf and short excursions.

Features:

- *Safety grab line *2 x storage hatches *Rod holder
- *StarPort Base for safety flag or nav light *Upgraded handles
- *Supplied with free alloy shaft paddle

Specifications:

- *Length 2.7m *Width 79cm *Weight 17kg
- *Carrying capacity 120kg
- *Stability rating - Excellent

Colours: Orange/Yellow Green/Yellow

Espri

The Espri is a very popular kayak for good reason; Viking's unique hull design makes it extremely easy and light to paddle. The Espri's extra length also allows it to glide through the water where shorter kayaks tend to slog. Bevelled sides also mean no hitting your figures when paddling. Perfect for cruising waterways, playing in surf, and fishing. Suited to the widest range of paddlers.

Features:

- *Full safety grab lines *3 x storage hatches *Rod holder *StarPort for adjustable rod holder *StarPort for safety flag or nav light
- *Rear cargo well *Supplied with free alloy paddle and deluxe seat

Specifications:

- *Length 3.6m *Width 80cm *Weight 22kg
- *Carrying capacity 160kg
- *Stability rating - Very Good

Colours: Orange/Yellow Green/Yellow Blue/White

Espri Angler

The lightest, most versatile fishing kayak you can own. The same outstanding hull as the Espri but now with extra rod holders: up front to use while fishing, behind the seat when paddling. We've also added cleats so a fish stringer can clip neatly to the side. Upgraded with a free deluxe backrest seat and free deluxe paddle.

Features:

- *Full safety grab lines
- *Recessed fittings for fish stringer and paddle holder
- *3 x storage hatches
- *6 x rod holders
- *StarPort for adjustable rod holder
- *StarPort for safety flag or nav light
- *Rear fish well
- *Supplied with free deluxe paddle and deluxe backrest seat

Specifications:

- *Length 3.6m
- *Width 80cm
- *Weight 22kg
- *Carrying capacity 160kg
- *Stability rating - Very Good

Colours: Yellow

Profish 400 Lite

The Profish 400 Lite sets new benchmarks in comfort and performance. Choose the Profish 400 Lite if you need an outstanding fishing or cruising kayak that's light and manageable, and has the comfort and stability to let you relax or push the boundaries as you want.

Features you'll enjoy:

- *Light weight - around 10kg lighter than comparable fishing kayaks, so much easier to carry and to load on to roof racks

- *Awesome stability - regardless of your skill this kayak lets you feel relaxed and comfortable without compromising your performance

- *Fast, stable, straight tracking design - easy and controllable for all paddlers without making the optional rudder essential

- *Scalloped sides improves paddling efficiency with a clean uninterrupted paddle stroke - no interfering external handles or rod holders

- *Ergonomically designed cockpit and seating - curved and deeper, the seat greatly reduces pressure points eliminating a "numb bum"

- *Molded-in waterproof inserts - for easy fitting of accessories like adjustable rod

holders, running rig, rudder, insulated cover, etc.

- *Center well with polycarbonate cover and bait board - the perfect tackle station for mounting a fish finder and accessories with ample storage underneath for everything from tackle to your lunch

- *Flat accessory mount area in front of cockpit - has molded-in inserts for two adjustable rod holders and the RailBlaze® accessory range

- *2 x hatches - internal access using our ever-reliable Viking bayonet hatches

- *6 x Rod holders - you can now move your rods around your kayak as needed e.g. rods in front for fishing, rods behind for travelling

- *Recessed side handles - located inside the cockpit, no external handles get in the way when paddling, no more knocked fingers

- *StarPort for safety flag or nav light - NZ designed simplicity and security for essential safety equipment

- *Deluxe Fisherman Seat and paddle - a top quality set included free

Specifications:

- *Length 4.1m
- *Width 78cm
- *Weight 24kg
- *Carrying capacity 175kg
- *Stability rating 10/10

Colours: Orange/Yellow Green/Yellow

Viking 2+1

The most versatile double kayak available. The Viking 2+1 double has a clever mid seat that's been designed specifically to allow easy paddling as a single. The mid seat also caters for a third person, so kids can come along too. If Dad wants to head out fishing, simply click the optional rod holders into the StarPorts and now you have a great fishing kayak.

Features:

- *3 x molded seat areas
- *3 x storage hatches (2 with pots)
- *Full length semi-recessed safety grab lines
- *2 x flush rod holders behind the seat
- *3 x StarPorts flush fitted for accessory rod holders and flag or navigation light
- *Foredeck bungee
- *Supplied with 2 free alloy paddles

Specifications:

- *Length 3.9m
- *Width 81cm
- *Weight 27kg
- *Carrying capacity 220kg
- *Stability rating - Very Good

Colours: Orange/Yellow Green/Yellow Blue/White

Profish 440 Evolution IV

The new Profish 440 Evolution IV brings lighter-weight and durability to full size fishing kayaks. Choose the Profish 440 if you're looking for the quietest fishing kayak with multiple storage options to suit an array of angling styles.

Features you'll enjoy:

- *Fast stable straight tracking design – easy and controllable for all skill levels in breezy conditions even without the optional rudder
- *Quiet hull performance – huge reduction in noisy and annoying hull slap making this the ultimate stealth fishing kayak
- *True “big fish” stability – target any fish it's possible to catch from a kayak with stability to inspire confidence without compromising speed

- *Large covered front well – maximum accessible storage on the water without opening a hatch; the ultimate protection for rods laid underneath for rugged surf transitions

- *Molded-in waterproof inserts – for easy fitting of accessories such as adjustable rod holders, running rig, rudder, insulated cover, etc.

- *2 Front rod holder positions – compatible with RailBlaza®, Scotty®, and Canon®

- *Massive 28L center well with cover and bait board – the largest center well on the market giving massive storage for tackle, dive gear, refreshments etc.

- *Separate soft bait well – somewhere to put those open packets where they won't leak and contaminate the rest of your tackle

- *Easy clean bait wells behind the seat – it's now effortless to reach built-in bait storage that will readily accept bags of pillies, squid, and cut baits

- *8 x flush rod holders – no other kayak comes standard with this level of flexibility to position rods where you need them e.g.

- rods in front for fishing,

- rods behind for travelling

- *Deluxe Fisherman Seat and paddle – a top quality set included free

Specifications:

- *Length 4.4m *Width 77cm *Weight 29kg

- *Carrying capacity 180kg

- *Stability rating 10/10

Colours: Orange/Yellow Green/Yellow

Tackle Pods™ are now available for the Profish 400 and 440 Kayaks

Profish Reload

Latest Release

The Profish Reload combines the very best features of the Profish 400 lite and the Profish 440. Add the innovative new features and it provides the kayak angler with the finest fishing kayak available.

- *Fast, stable, and easy to manage on and off the water, this is the kayak of choice for anglers seeking touring endurance combined with the stability to land record class fish!

- *The Reload Tackle Pod™ system offers a worldwide first: a fully integrated and removable sounder, battery, and transducer setup combined with a large tackle storage space. It's now quick and easy to remove or reload your valuable sounder, transducer, and tackle - the ultimate in convenience.

- *With the Tackle Pod™ removed for transporting the Profish Reload is much lighter and easier to load onto your roof rack.

Features you'll enjoy:

- *The Fastest fishing kayak in our fleet making trolling lures easy and exploring those far off uncharted grounds an exciting adventure

- *Superior stability provides you with the confidence to target big fish

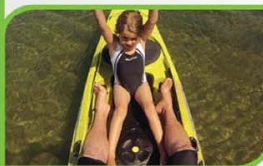

- *The Reload Tackle Pod™ system offers the ease and speed of 'Load and Go'

- *A Large front hatch offers storage for additional gear such as kayak trolleys and dry bags.

- *The nifty Kid Pod™ system enables you to share the fun and excitement of kayak fishing with your kids. It also provides a flat, stable surface for fresh water anglers to stand and sight cast to unsuspecting fish.

- *Scalloped sides for improved paddle strokes

- *The handy bait wells behind the seat can also be used as a convenient place for drink bottles

- *Large recessed side handles make lifting and loading the Reload so much easier

- *The nicely flared bow diverts water in choppy conditions

- *The innovative 'Rod Slots' along the bow allow you to securely lay down your fishing rods - ideal when coming and going through surf.

Specifications: Length – 4.5m Width – 74cm Weight – 29kg

Chill Pods are now available for Profish 400 and Reload Kayaks

Propelz Eco

Alloy 2-piece construction, easy to fit in your car, robust and simple to use, suits the whole family, 222cm

Propelz Speed

Fibreglass 2-piece construction, easy to fit in your car, length and pitch adjustable to suit a broad range of paddlers, 220 - 230cm

Propelz Lightning

Ultra-lightweight 700g Carbon fibre, this is THE paddle for those wanting performance and endurance. 2-piece adjustable from 220 - 230cm

Standard Seat – this is a great basic seat for the kids, not too deep to interfere with paddling yet giving them the support they need.

Deluxe Seat – this is an awesome seat for the whole family designed to give comfortable relaxing back support. The pocket on the back gives extra storage for your sunblock and snacks.

Deluxe Fisherman Seat – this is the ultimate in high backed “Lazyboy” comfort. Fully adjustable with differential front and rear webbing, this is the seat for the paddler spending a lot of time on the water.

Your Viking Kayak advantage:

30 Year warranty – we ensure you have a kayak that will go the distance, even in our harsh summer sun. See your special warranty card unique to each kayak and register on line.

Safety Grab Lines – all our family kayaks have safety grab lines so everyone from the youngest to the oldest can keep hold of their kayak, even when in the water. Close fitting with strategically placed saddles they also make re-entries a breeze.

Waterproof Inserts – We use waterproof marine rated threaded inserts for fitting items like handles and accessories to provide, strong, easy to use attachments.

Semi-Recessed Fittings – keep the decks and sides of our kayaks as smooth and clear as possible. This stops bumps and scrapes when playing in the waves and ensures there's no hang-ups when sliding back on board.

New PE Plastics – helps make sure you're getting the best in robust lightweight kayaks; throwing them on the roof rack is no longer a burden and they're even more abrasion resistant than ever.

Viking 6" Hatch – we got tired of jammed hatch threads too, so we now fit our kayaks with Viking's very own 1/4 turn bayonet hatches with integral seal. Those fitted in front of the seat even have a removable bucket for items you need close at hand.

StarPort™ Flag Bases – all Viking kayaks are fitted with an incredibly strong and secure RAILBLAZA StarPort™ base for mounting a high visibility safety flag or navigation light.

What's New?

Continuing our commitment to producing New Zealand's best sit on top kayaks, Viking Kayaks have incorporated new hi-tech materials into our manufacturing. These new materials ensure we're offering kayaks that are both more abrasion resistant and significantly lighter than other brands. This makes them potentially the lightest yet most robust kayaks available today.

Our commitment to bringing you the best:

At Viking Kayaks we're dedicated to bringing you the best kayaks suited to your paddling enjoyment, comfort, and safety. Our whole team paddle and contribute to the design and manufacture of Viking Kayaks, so all our craft are built to suit New Zealand's rugged and unique conditions. By using a range of premium materials and techniques we ensure you're purchasing what we believe are the best you can buy.

For example, we use waterproof marine rated inserts molded into our kayaks to attach fittings and accessories but also customize kayaks using the most appropriate fastening systems suited to each project. Contact our Special Projects Department if you'd like your Viking Kayak to get the personal treatment.
